

A Burial Plans or Funeral Agreements

The first \$1,500 in [equity value\(g\)](#) of one prepaid burial plan or funeral agreement for each participant is NOT COUNTABLE.

When the value of a [burial plot](#) cannot be determined separately from the value of the burial plan or funeral agreement, do not count the first \$1,500 from the combined equity value of the two.

Key burial plans or funeral agreements on **OTAS** as follows:

- Key the equity value that does not exceed \$1,500 using the OX Other Assets Code.
- Key any amount that exceeds \$1,500 using the BU Other Assets Code.
