

E Categorically Eligible Participants Resources

REVISION 01
(07/01/07 - 09/30/07)

All resources belonging to [FS Categorically Eligible](#) (Basic or Expanded) participants are NOT COUNTABLE.

When an FS categorically eligible budgetary unit includes a [sponsored noncitizen](#), the sponsor's resources are NOT COUNTABLE.

To prevent FS categorically eligible budgetary units from being denied due to resources, Denial or Closure Reason Codes for resources can be keyed on **FSED** ONLY for the following FS cases:

- FS budgetary units that include disqualified FS participants. (See [FS Participants Keyed as DE](#) and [FS Participants Keyed as DF](#))
- FS budgetary units in which a participant meets the FS definition of elderly or disabled, and the budgetary unit's income exceeds the gross income standard. (See [Elderly or Disabled FS Requirements](#))

The Denial or Closure Reason Codes for resources are as follows:

- RE (Resources Exceed Maximum)
- RV (Failure to Verify Resources)
