A   NA Resources

The following apply when determining resources for NA:

- Resource standards are applied to all NA cases. All available resources are counted when determining eligibility.

- Resources available at the time of the interview are used to determine eligibility at new application or renewal.

- AZTECS counts the resources IN FULL for participants coded DE, DF, or DI in the PT field on SEPA.

- Resources of nonparticipants are not counted toward the budgetary unit.

NOTE   AZTECS does not count resources of participants coded OU in the PT field on SEPA toward the NA eligibility determination.

- Resources of corporations are not counted to the participants. Financial accounts that a corporation owns must be in the corporation's name.
