

## A Adoption Subsidies/Reimbursements

Adoption Subsidy payments are federally, state, or locally funded assistance payments provided to children with special needs. These payments are intended to help a child whose special needs otherwise might hinder their adoption. Adoption Subsidy payments vary depending on the special needs of the child.

Adoption Subsidy payments are NOT COUNTABLE as income. Key the Adoption Subsidy payments next to the child for whom the payment is intended.

### NA EXCEPTION

Adoption Subsidy payments are countable.

Do NOT count any portion of the Adoption Subsidy that is identified as a [reimbursement](#). Reimbursements represent payments for expenses previously paid by the budgetary unit.

Key the AD Unearned Income Code in the INC TYPE field on UNIC.
