

**01 DEID - Purpose**

**REVISION 14**  
(10/01/10 – 12/31/10)

DEID is used to key deductions that apply to the income of participants who are not included in the Tribal TANF benefit. This allows AZTECS to count a portion of the participant's income toward another participant's budget when necessary.

**WARNING**

Key DEID for Tribal TANF cases only.
