

.02 Deemed Income of a Parent of a Minor Parent for Tribal TANF

REVISION 08
(04/01/09 – 06/30/09)

A minor parent applying for Tribal TANF may be living with their adult parent who is not applying for or receiving CA. When this occurs, the adult parent's income is deemed to the minor parent's Tribal TANF budgetary unit. (See [Unwed Minor Parent Living with Parent or Relative](#) or [Married Minor Parent](#))

When an adult parent's income must be deemed, key DP in the AF PT field on SEPA next to the adult parent.

When the adult parent's spouse (step parent to the minor parent) is also living in the home, the step parent's income must be deemed. Key ST in the AF PT field on SEPA next to the step parent.

Key the [deemed income deductions](#) on DEID.

Key all income on the appropriate income screens.

The income of the parent and spouse of the parent is deemed to the minor parent's Tribal TANF budgetary unit, even when the minor parent is disqualified and coded DI or DF on SEPA.

EXCEPTION

The income of the parent, and spouse of the parent, is not deemed to a minor parent who is an SSI recipient. Key OU in the AF PT field on SEPA next to the adult parent.

When more than one minor parent lives in the home and each applies for their own children, divide the income of the parent between the minor parents' cases as follows:

- Complete a Cash Assistance Deeming Budget Record ([FA-201](#)) to determine the net income.
- Equally divide the net income between the minor parents. For each minor parent case, key the minor parent's share of the deemed income on UNIN next to the minor parent.
