

C NA E&T Registration

At each NA interview, complete the following:

- Determine which participants are included in the NA benefit (coded IN on SEPA).
- Evaluate these participants to determine who is exempt from NA E&T Registration. The allowable reasons for exemption are listed in [Registration Exemption](#).
- Assign the correct exemption code to each participant whose needs are included in the NA budgetary unit.

NA E&T offices can be located through the Supplemental Nutrition Assistance Program Career Advancement Network (SNAP CAN) Program. For more information on SNAP CAN, visit their website at <https://des.az.gov/services/employment/job-seekers/snap-can/snap-recipients>.
