H   NA E&T Voluntary Referral

NA participants who are exempt from E&T registration or participation may want to participate voluntarily in the SNA E&T program. Key the appropriate Work Registration Code in the PAR/EXEM field.

Key Y in the VOL Y/N field.

NOTE   A referral to Jobs is made based on the PAR/EXEM field on WORW. Keying Y in the VOL Y/N field provides additional information to Jobs regarding a participant's desire to work. Keying Y does not send a referral to the NA E&T referral file.

NA E&T offices can be located through the Supplemental Nutrition Assistance Program Career Advancement Network (SNAP CAN) Program. For more information on SNAP CAN, visit their website at https://des.az.gov/services/employment/job-seekers/snap-can/snap-recipients.
