

.01 NA Mid Approval Contact Process – Compliance, No Change is Reported

[REVISION 47](#)
(01/01/19 - 12/31/19)

When the MID APPROVAL CONTACT FORM (X027) notice is received, signed, and all questions are answered with a No, then the budgetary unit is reporting no changes.

When the X027 is uploaded to OnBase with the MID APPROVAL CONTACT (FAA1108A, X027, or F027) Document Type, AZTECS automatically displays a Y in the MAC RECD field on INDA. The budgetary unit's compliance with the Mid Approval Contact (MAC) process is complete. No further action is needed from FAA. The budgetary unit is eligible to receive their NA benefits for the remainder of the approval period.
