

.12 Changes Verified Untimely - Simplified Reporting

When the verification is received after the information due date, but prior to the effective date of closure, reopen the case on **REPT**. Decrease the benefits for the first regular benefit ISSUED after the date the verification is received.

There is no requirement to allow for [NOAA](#) when the participant has been notified previously that their benefits will be stopped.

When the verification is received after the effective date of closure, DO NOT reopen the case. The participant must reapply.
