

.06 Adding a New Able-Bodied NA Participant to an Active Case

When adding an NA [Able-bodied](#) applicant to an active case, AZTECS completes the following:

- Generates an alert on EWAL.
- Deauthorizes the case effective with the first month after the able-bodied participant receives three nonexempt months of benefits.

Key DF in the PT field on SEPA following receipt of the three months of benefits and send [NOAA](#).

No action is required when the NA approval period ends on the last day of the add-on applicant's third full month of benefits.
