

## **.08 Establishing Overpayment Months - Procedural Error**

When a procedural error causes an overissuance, do not establish a claim. Procedural errors include any of the following situations:

- The [official application](#) was not signed.
- The budgetary unit was not approved in the correct [project area\(g\)](#).
- A current [work registration](#) referral was not completed.
- A mandatory [AFIP](#) participant did not complete the fingerprint imaging requirements.
