C   **Special Keying Requirements - Pascua Yaqui Tribal TANF**

Follow normal keying procedures necessary in making a CA eligibility decision. Review and key the following screens to ensure that an eligibility decision is made correctly for the PY-TANF Program:

- ADDR

    Key PY in the RESERVATION field when the budgetary unit is living on the Pascua Yaqui Indian Reservation in Pima county.

    When the budgetary unit does NOT live on the Pascua Yaqui Indian Reservation, they are considered off-Reservation Pascua Yaqui members. Do NOT key a Reservation Code on ADDR.

- RARE

    Key Y in the AI RACE field and the appropriate Tribal Code in the TRIBE field next to any participant who is enrolled in a federally recognized Indian Tribe.

- WERE

    Key P (Pascua Yaqui exempt) in the AF EXPT RSN field next to EACH participant in the budgetary unit. This must be keyed so AZTECS identifies the budgetary unit as PY-TANF eligible.

- WORW

    Key RT in the PAR/EXEM field next to any mandatory work program participant.   (See PY-TANF Work Program Requirements)

    Tribal NEW staff must notify FAA when a participant claiming PY status is unable to verify PY enrollment. FAA must then key the PAR/EXEM field for the participant using the RM code.
