

.01 State Assistance Resources - GA Transfer of Resources - Affect on Eligibility

To determine whether a participant disposed of property with the intent to qualify for benefits, complete the following:

- Determine the value of the property. (See [Resource Verification](#))

EXCEPTION

Sale or transfer of a resource does NOT affect eligibility when the value of the sold or transferred resource IS NOT MORE than the [resource limit](#).

- Determine whether [fair consideration](#) was received.

EXCEPTION

Sale or transfer of a resource does NOT affect eligibility when fair consideration is not received, but there is no indication of intent to qualify for benefits.

- When it is determined that property was sold or transferred without fair consideration and with intent to qualify for benefits, deny the application.

When the responsible participant refuses or fails to provide information necessary to determine [equity value\(g\)](#), deny the application.
