

.01 State Assistance Approval Periods - GA Approval Periods - Case Audit

A case audit may be conducted at any time eligibility factors become questionable. When conducting a case audit, the following apply:

- An audit does not require a new application.
- Only the eligibility factors in question need to be verified.
- Contact with the participant by mail or phone is sufficient.
- When the EI or supervisor deem it necessary, the participant may be called into the local office to clarify the information in question.
- A home visit may be conducted for a case audit.
- Document the results of the audit on CADO.
